

### GLAZING

The windows can be interior or exterior glazed with .050 thick extruded aluminum glazing beads accommodating thicknesses from 1/4" up to 1". Dual or triple glazing is an option utilizing an interior panel sash that is a take out sash. Venetian blinds are available with the dual glazed window options. See the quick reference chart below for all glazing options. For actual details refer to the glazing section in the back of the 3410 section for optional glazing and blind details.

1" Glazing Bead  
CS-14  
(Fixed & Sliding Units)
